

Our Visit To The Royal Botanic Gardens

Nature Play September 2025

My family (carer) and I are going to visit the Royal Botanic Gardens for Nature Play Day.

The Botanic Gardens is a beautiful, large garden near the city of Melbourne.

We will look for the entrance to the Children's Garden.

An adult will greet us at the Children's Garden and tell us about the Nature Play experiences.

There are accessible paths in the Children's Garden.

The accessible toilets are nearby.

I can look, listen, touch and
explore at the Botanic Gardens.

I can paddle in the rill.

The water will feel cool on my
fingers and toes.

I might discover some
dinosaurs in the forest.

I can build cubbies with bamboo,
palm leaves and ties.

There will be adults there to help
me.

I can play with natural materials such as leaves,
seed pods and bark.

I will find many fruit and vegetable plants in the Kitchen Garden.

I can touch and smell the plants.

I might see a scarecrow too!

I can make potions at the Gathering Lawn.

I can grind and mix the plants with water.

The scent from the plants can help me to feel relaxed.

Sometimes it gets noisy in the
Children's Garden.

There are quiet places where I
can rest.

We can walk through the beautiful, shady Botanic Gardens.

There are signs along the way to guide us.

We can walk to Western
Lawn.

I will find some magnifying
glasses to observe the plants
in the garden.

I can look closely at plants
under a microscope too. An
adult will help me.

We can discover the White Oak, an old tree which fell five years ago. Now the gardeners have created a play space for children.

I can climb and balance on the branches of the old tree.

We will see many visitors at the Botanic Gardens.

There are many quiet places to explore and rest.

If it's a hot day we can
walk to the cool, shady
fern gully.

I can find a swing to
have a rest .

There is so much to see
and discover at the
Botanic Gardens.

Nature Play Days are fun!
